

## Amulet Radial Truck Tire Limited Warranty

This Limited Warranty provides tire replacement, but only under certain conditions. This limited warranty applies to all Amulet radial truck tires used in normal driving conditions and are deemed warrantable based on the criteria set within this warranty. There is no warranty for tires that wear out, fail or become unserviceable because of neglect or mistreatment. It is imperative that you abide by all safety standards and maintenance practices. Please carefully read the terms and conditions as defined within this warranty.

This warranty covers only new Amulet radial truck tires to the extent that they are free from defects in materials and workmanship for the life of the original tread of the new tire, less 2/32". The life of the original usable tread ends when the tire has worn down and only has 2/32" remaining. Once the tread is worn down to the top of the built-in "wear indicators" in the tread grooves molded at 2/32", the tire is considered fully worn out regardless of its age or mileage.

This warranty applies to Amulet radial truck tires purchased through an authorized Amulet dealer.

### Safety Practices

Serious injury or property damage may result from:

- TIRE FAILURE DUE TO OVERINFLATION, UNDERINFLATION and/or OVERLOADING.
- Not following the owner's manual or tire placard on vehicle.
- TIRE FAILURE DUE TO EXCESSIVE HIGH SPEED. Follow the owner's manual or tire placard in vehicle for guidance.
- EXPLOSION OF TIRE /RIM ASSEMBLY DUE TO IMPROPER MOUNTING. Only specially trained persons should mount tires.
- FAILURE TO MOUNT RADIAL TIRES ON APPROVED RIMS.
- FAILURE TO DEFLATE SINGLE OR DUAL ASSEMBLIES COMPLETELY BEFORE DISMOUNTING.
- TIRE SPIINNING. On slippery surfaces such as rain, snow, mud, ice etc. do not spin tires, as personal injury and severe damage may result from excessive wheel spinning, including tire disintegration or axle damage.

### Qualified Warranty Participants

This warranty applies to the original owner or user of any new Amulet radial truck tire sold through an authorized dealer. Tires eligible for warranty must bear the Amulet brand name, a complete D.O.T. serial identification number, NOT be stamped as Non-Adjustable (NA) and operated in normal driving conditions. Eligible tires must be on the vehicle on which they were originally installed, in conformance with the vehicle manufacturer's recommendations. These tires are covered by this warranty for the life of the original usable tread depth (the original tread depth down to the level of treadwear indicators molded at 2/32 inch) within 60 months for standard tires and 72 months for Smartway verified tires from the date of purchase (proof of purchase required). If proof of purchase is not available the coverage will be 60 months from the date of manufacture for standard tires and 72 months from the date of manufacture for all Smartway verified tires.

### Free Tire Replacement

If a defect in workmanship and materials is found in any Amulet radial truck tire within the first 50% of the original usable tread (original tread depth, less 2/32", divided by 2), the tire will be replaced with a comparable new tire.

Mounting and balancing services, other applicable taxes and fees for the comparable new Amulet tire are payable by the owner.

### Prorated Adjustment

If a defect in materials and workmanship is confirmed by an officially appointed Amulet representative in any Amulet radial truck tire after the first 50% of the original usable tread, a credit will be provided toward the purchase of a comparable new Amulet tire. The tire will be pro-rated based on the usable tread depth remaining on the returned tire versus the original tread of the new tire. Applicable taxes and current Federal Excise Tax (FET) on the new tire and the costs of mounting and balancing and other services will be the responsibility of the tire owner.

Adjustments to “out-of-balance” or “out-of-round” tires will only be allowed only during the first 2/32” or 10% of the original tread depth.
